BY SEAS OF FLAMENorthern Wisconsin Cities Are
Swept By Destructive Fires.MEADOW VALLEY, JUNEAU
COUNTY DESTROYED.

Not a Business Place Left in the Village and The Loss Is Heavy—Lemartine, Fond du Lac County, Also Visited by a Conflagration that Caused an \$8,000 Loss—Blaze at Waldo—Forest Fires.

Junction City, Wis., Oct. 22.—[Special]—The village of Meadow Valley, Juneau county was totally wiped out by fire and all the business places were destroyed. Some of the losers are:

E. C. Treat, general store and post office.

E. Hoffman's blacksmith shop.

C. M. & St. P. depot and U. S. Express office.

C. H. Johnson's fruit store.

John Balch, Henry Carter, J. E. Dunn, John Erickson, O. J. Gregory, Peter Hackney and F. S. Rawson, cranberry growers, also lost their all. The loss is heavy.

Lemartine in Ashes.

Fond du Lac, Oct. 22.—[Special]—The village of Lemartine, east of here was wiped out by fire. Some of the buildings burned were:

Cass De Boe's house, barn and stock.

The Baptist church.

The Methodist church.

Louis Russell's house, barn and stock.

Many other buildings were burned also. The total loss is \$8,000. Partly insured.

Waldo Farmers Lose Heavily.

Waldo, Wis., Oct. 22.—[Special]—Fire last night destroyed the houses and barns of George Pollard, Edward Colwell and William Ramaker, farmers living near here, together with all their machinery and effects. The loss is \$7,000 and the insurance \$6,000.

Forest Fires Near Green Bay.

Green Bay, Oct. 22.—[Special]—Forest fires are raging all about here and Kewaunee. This city is a pall of smoke. Many families have been burned out.

Fire at Kewaunee, Wis.

Green Bay, Wis., Oct. 22.—A big fire raged at Kewaunee last night. It started about 4:30 p. m. in the sheds and hay press of the Seyke Bros., and destroyed those buildings and 350 tons of baled hay. A steam fire engine was sent over from this city. The fire is supposed to have caught by a spark from a boat. A pile of maple wood containing about 1,000 cords also took fire.

Winona, Minn., Oct. 22.—A serious fire at Millville, Wabasha County, starting in A. J. Muehlberg's blacksmith shop, destroyed the shop, Leonard's store, Schmidt's Hotel and John Larson's dwelling. Albert Hargenson, an employee of the machine shop, was burned to death. The post office building also burned, but the mail was saved. Loss, \$4,000.

Damage by Prairie Fires.

Rich Hill, Mo., Oct. 22.—A large and disastrous prairie fire has been raging six miles west of Rich Hill, near the village of Sprague, yesterday, carrying meadows, cornfields, haystacks, and everything else but protected in time to save. The farmers of that section, together with almost the entire population of Sprague, turned out to fight the flames, and finally got them checked after an area of several miles of territory had been devastated.

EPISCOPAL CONVENTION.

Change Made in the Membership of a Committee.

Minneapolis, Minn., Oct. 22.—At the session of the house of deputies of the Episcopal convention yesterday the resignation of Dr. W. R. Huntington of New York from the constitutional revision committee was accepted and Rev. Dr. Morgan Dix was elected in his stead.

The committee on new dioceses reported that there were some constitutional questions involved in the request of the missionary jurisdiction of northern Texas to be erected into a diocese and recommended that the matter be referred to the proper committee. This may prevent action being taken until the next convention. The committee reported favorably on the petition for the erection of the missionary district of Asheville out of the western part of the present diocese of North Carolina. The report was unanimously concurred in.

Dean Hoffman reported that the house of bishops had receded from their choice of the word "synod" instead of convention, and had agreed to give up the "primate" nomenclature. With these concessions the house adopted article 1 of the revision.

A long list of memorials to deceased members was read and devotional exercises were held.

Waterways Convention.

Vicksburg, Miss., Oct. 22.—The Vicksburg Waterways convention, which opens here today, will be a great assembly. Delegates are here from eleven states and fifteen will be represented.

ELEVEN MEN HURT.

Boiler Explosion at Anderson, Ind., May Have Fatal Results.

Anderson, Ind., Oct. 22.—While men were at work yesterday repairing a high-pressure steam pipe connecting two batteries of boilers, twenty-two in all, the pipe gave way and an explosion followed, in which eleven men were injured, two perhaps fatally. The injured:

Bissell, Robert, badly burned. Delcamp, Abraham; shoulder broken, ribs broken, serious internal burns; will die.

Finden, Thomas; seriously burned. Hallis, George; badly burned. Jones, John; seriously burned. Keiser, Edward; seriously burned. McNair, Michael; ribs broken and internal burns; will die.

Myers, Harry; seriously burned. Rodgers, James; seriously burned. Sheets, A. J.; badly burned. Wycroft, Henry; badly injured.

The worst feature of the entire accident is that the steam coming from the twenty-two high pressure boilers blew the chemicals and particles of vitriol into their eyes. All were blinded and the extent of this injury cannot be ascertained yet. It is feared that the result will be permanent loss of sight. Delcamp and McNair are in the hospital and are receiving the closest of attention. Part of the building was blown out. The pipe connected the rod and wire departments of the American Wire Nail works.

TERRORIZE A CHILD.

Witness in the Hinshaw Murder Case Subjected to Persecution.

Indianapolis, Ind., Oct. 22.—Ada Rushton, the 12-year child who testified in the trial of Rev. Mr. Hinshaw for wife murder at Danville that she saw the prisoner sitting on a sofa with one of his lady parishioners, is in a pitiable nervous state owing to efforts of the minister's friends since conviction to force her to make an affidavit declaring that she swore falsely. They have followed the child from place to place insisting that her testimony was false, and telling her that she would go to hell for giving false testimony. Some have gone so far as to say that she knew she was lying when she swore that she saw Hinshaw and Miss Ferree upon the sofa, and have urged her to confess her sin as the only way of gaining pardon. So persistent have they been that the child thinks and talks of nothing else and is utterly unable to fix her mind upon her duties at school. She persists that she saw Hinshaw and Miss Ferree upon the sofa, but she is constantly haunted by the terror of hell, and it is feared that her mind may become permanently affected.

CYCLONE IN CUBA.

Immense Damage Done by a Heavy Wind Storm.

Havana, Oct. 22.—A cyclone entered this island Sunday through the Cienega de Zapata district. The disturbance will probably pass through Matanzas and over Havana if the wind does not change. At 10 o'clock yesterday the wind was north-northeast and had an average velocity of seventy-eight miles per hour. During the past twenty-three hours 144 millimeters of rain have fallen. The latest word received here as to the progress of the cyclone is that it has caused havoc in the province of Santa Clara, the wind blowing with hurricane force at the rate of ninety miles an hour. The damage which has resulted is enormous.

Call It a Decisive Rejection.

Washington, Oct. 22.—Officials of the diplomatic corps who are in a position to speak with full understanding on the Venezuelan question, upon a careful reading of the official statement of the British foreign office, made public today, say that it is a decisive rejection of the claims made by Venezuela and a negative answer to the requests of the United States that the subject be submitted to arbitration.

The landing of British marines at Corinto is regarded as a precedent outlining the course Great Britain may take. In anticipation of this policy officials are comparing the relative strength of the forces which might be brought together. The British have a fleet of sixteen war ships available in the North and South Atlantic. Venezuela's seaports are fairly well fortified and it can put 60,000 well armed troops in the field.

Silver in Better Demand.

New York, Oct. 22.—The best authorities on silver look for a steadily improving demand for the metal for some time to come. The willingness of Japan to accept the indemnity from China in silver contributed largely to the improvement in its price, which has been noted during the last few months, and the accumulation of the metal in London will go on in order to complete the installments of the indemnity at the various dates of payment. Mr. Townsend of the Hong Kong bank confirms this view and reports in an interview that the bank is about to make a large shipment of silver to China. Both China and Japan are showing increasing inquiry for silver.

Postmasters Appointed.

Washington, Oct. 22.—The president today appointed the following postmasters: Crystal Falls, Mich., William K. Tully; Three Oaks, Mich., Maggie Breese; Roodhouse, Ill., David F. King.

SALISBURY IS FIRM
IN HIS STATEMENT

AMBASSADOR BAYARD CANNOT INFLUENCE HIM.

America's Argument Will Not Be Accepted At All—Ultimatum Sent to Venezuela Is a Strong Document, and Admits of No Bickering—The French Opinion of the Subject.

New York, Oct. 22.—The London correspondent of the World cables the following:

"In conversation with an official of high standing and intimately acquainted with all the inside facts of the Venezuelan dispute, I learned that the present decisive action of the British government was provoked by the recent dispatch from the American state department enforcing in strenuous terms the Monroe doctrine in connection with the question."

"My informant told me that, to his positive knowledge, at an interview at which Ambassador Bayard was communicating the terms of a dispatch to Lord Salisbury, the latter interrupted him midway with the remark that he need not proceed further, as the British government could not even entertain the arguments put forward, and absolutely declined to recognize such an application of the Monroe doctrine."

"The terms of Lord Salisbury's written reply were practically the same and included a complaint of the tone in which the question had been dealt with in the dispatch of the American government as increasing the difficulties of the situation. In the same document the state department was invited to remember that England was an American power before the existence of the United States and her rights on the American continent consequently are anterior to those of the United States."

"Ambassador Bayard, in a further communication to the British foreign office, pointed out that there is no certainty that England is right about the Venezuelan frontier, as in the British colonial office list the authorized publication of the colonial department, it is stated that the boundaries of British Guiana have never been clearly defined in regard to the parts now in dispute."

"This was an awkward reference for the British government, but Lord Salisbury replied that the colonial office list not being an official publication, the British government could not be responsible for its statements."

USES STRONG WORDS.

Lord Salisbury Addresses an Ultimatum to Venezuela.

London, Oct. 22.—In view of the many reports circulated regarding the attitude of Great Britain toward Venezuela, the following official announcement was made yesterday:

"In consequence of Venezuela not offering an apology or reparation for the Yurman incident the Marquis of Salisbury has taken steps to inform her as to what reparation Great Britain requires. But, as relations between the two countries have been broken off for some years, the communication was not sent through the direct diplomatic channel. As the document has not reached its destination, it is not considered desirable to give details of its contents. But it is couched in forcible terms, and points out that Great Britain will not permit Venezuela to overstep the boundaries marked by the courses of the rivers Cuyune and Amacura, but is willing that the question of the other disputed territory should be submitted to arbitration."

Le Soir, speaking of the Venezuelan question, says: "There is a tendency on the part of America to abuse the Monroe doctrine. England is right, and France will be compelled to imitate it in order to secure an equitable settlement of several questions."

QUEER MINERS' STRIKE.

Frying to Force Their Neighbors to Demand the Same Pay They Receive.

Leavenworth, Kan., Oct. 22.—The 300 miners employed at the North Leavenworth coal shaft quit work yesterday and visited the Home River mines for the purpose of inducing the miners at that place to quit. The North Leavenworth company is paying 80 cents a ton and the Home company 70 cents. The walk-out is to force the Home River company to pay 80 cents. A general strike seems almost certain, as the Home River people are not disposed to accede to the demands made.

Johnstown, Pa., Oct. 22.—The mine strike in the mountain region, extending from this city to Altoona, is not nearly so serious as reported. About 1,000 men are out and at least 4,000 are working. It is the general opinion among railroad men and operators that by today or tomorrow, the men will either be all out or they will be at work.

Three Emperors to Meet.

Berlin, Oct. 22.—The Lokai Anzeiger says that Prince Lobanoff Rostovsky, the Russian minister for foreign affairs, at his recent visit to Emperor William at the latter's shooting box at Huberstock informed his majesty that it was the earnest wish of the czar to meet and converse with Emperor William and Emperor Francis Joseph after his coronation.

BAD WOMAN IS FREE
TO KILL HERSELF

FEMALE JAIL BREAKER AT GREEN LAKE.

She Was Charged With Trying to Blow Up a House and Family With Dynamite—Left a Note Hinting at Suicide—Dallas Doctor Shot Dead By a Friend.

Green Lake, Wis., Oct. 22.—[Special]—A woman who was held for trial here on the charge of attempting to blow up a house and family with dynamite, broke jail last night. She left a note saying that she had jumped into the lake.

Dallas, Tex., Oct. 22.—Dr. J. J. Ray prominent physician of Dallas, was shot and killed at 7:30 o'clock last night by Marion Hardcastle, a well-known resident of Dallas. The tragedy took place on Main street in the presence of a crowd of local people and visitors to the state fair. A number of policemen and detectives in citizens' clothes were in the crowd, and Hardcastle was quickly arrested and placed in the county jail. The only statement he would make to newspaper representatives was: "Ray has been my family physician for six years, and domestic affairs was the cause of the killing."

Hardcastle met Ray about noon yesterday near the city hall and thrashed him. The men were separated, and those who knew of the affair considered the trouble ended. At night Dr. Ray was standing on the sidewalk near the curb when Hardcastle stepped up to him, spoke a few words in a low tone of voice, placed a pistol to Ray's right temple and sent a bullet through his brain. The tragedy created an immense sensation.

Dr. Ray came to Dallas from New Orleans seven years ago. He married a Miss Well four years ago, but was recently divorced. Hardcastle is also divorced from his wife. The causes of the divorces are not obtainable, as friends of the families refuse to talk.

Others May Be Implicated.

Duluth, Minn., Oct. 22.—The belief that Cashier C. H. Stuckey robbed the State Bank before disappearing Friday night is not so strong as it was Saturday. The bank has filed a deed of assignment to A. C. Davidson, the main stockholder, who has been here for some days. The opinion that the missing cashier is more sinned against than sinning and that he is being used as a cat's paw by one more responsible for the shortage than he is rapidly gaining ground, and sensational developments are expected. The father of the missing man says he stands ready to make good any shortage which his son may have caused as soon as he is convinced that Charles Stuckey is the real culprit. The bank had on deposit \$28,000 of state money, \$4,000 county money, and \$2,000 city money, as well as \$50,000 in individual deposits. The county now has \$200,000 tied up in broken banks.

Investigating Boodile Cases.

Peoria, Ill., Oct. 22.—The Peoria country grand jury was called to order at 2 o'clock yesterday afternoon, and after disposing of a few items of routine business took up the question of legislative boodling. There was considerable damaging testimony, involving not only Peoria, but Springfield and Chicago as well. Today the distilling boodling will be taken up. The Woolens, William Wolfner, and others will be examined, and it is probable the investigation will last for a number of days yet. It is expected that at least three indictments will be returned against members of the last legislature.

Boys Get a Life Sentence.

Carlinville, Ill., Oct. 22.—The Holmes murder trial came to a close yesterday. Jack Frost, aged 19; Ebb Bryant, aged 18, and Bernhard Reinagle, alias Ben Meyers, were indicted last June for the murder of Frank Holmes, the engineer of a Chicago & Alton passenger train, on May 1 last, in an attempt to hold up the train. They made a confession of their guilt at the time they were captured, and at the trial pleaded not guilty. The jury returned a verdict sentencing them to the penitentiary for life. They would have been sentenced to be hanged had it not been for the age of the leaders, Frost and Bryant.

Durrant Case Nearly Over.

San Francisco, Cal., Oct. 22.—The defense in the Durrant trial practically closed yesterday. Another witness may be examined briefly today and then the prosecution will begin the introduction of testimony in rebuttal. No witness has appeared to swear that Durrant was elsewhere than at Emanuel Baptist church when Blanche Lamont was murdered. Failing to show that Durrant was not at the church the defense has attacked the credibility of the witnesses who testified they saw him in that vicinity in company with Miss Lamont.

Election Returns Stolen.

Lexington, Ky., Oct. 22.—The strong room in the Fayette county court house, in which the ballot boxes, poll book stubs, registration books, etc., are kept, was entered some time between last Saturday afternoon and this morning by persons unknown. It is not known what books, if any, have been removed. It will be remembered that the registration books of the Owens-Denny election were stolen from Georgetown not long ago.

FIGHT DECLARED OFF.

Corbett and Fitzsimmons Not Likely to Meet in the Ring.

Hot Springs, Ark., Oct. 22.—Unless Robert Fitzsimmons recants and through his manager, Martin Julian, accepts the extraordinary condition which confronts the fight situation here, there will be no contest between him and Corbett, except that it be an impromptu one, short of purse offerings, ring rules, referee and seconds, for Corbett says that unless Fitzsimmons "acts the man and accommodates himself to circumstances he will send him to the hospital" the first time he meets him, and that he will go quite a way out of his scheduled theatrical route to do so.

Yesterday there was a conference between Dan A. Stewart, Joe Vendig and the fighters, the latter by proxies, Brady representing Corbett, Fitzsimmons' alter ego being his brother-in-law, Martin Julian. Today the ruling of Chancellor Leatherman is to be taken before the supreme court by the attorney-general, and the tribunal of last appeal may consume several days in handing down a final hearing. In view of this fact, and anticipating a favorable decision, Dan Stuart called the parties in interest together and stated the conditions. Stuart wanted a postponement to Nov. 15. Brady, for Corbett, was willing, but Julian was not. Julian contended that his man was "too fine," and that to train for several days after the original time would militate against his physical condition. The proposition was then made to have the men fight in private for the main stake, \$10,000 a side. Here Stuart interjected an offer of an added \$10,000. Brady was again willing, but Julian demurred. He opined that the club, if it pulled the fight off Oct. 31, would have to make good its full promise of \$41,000.

It is given out that Julian will have Fitzsimmons in Dallas Oct. 31, where his contract stipulates that the fight should occur, and claim the forfeit of \$2,500. This is the status of the case and the most decisive knockout in the whole proceedings. Disgust and disappointment now claim the situation. The programme now is to substitute Peter Maher for Fitzsimmons in a contest with Corbett, and another man to be found will be depended upon to entertain Steve O'Donnell.

Iowa Baptist Convention.

Burlington, Iowa, Oct. 22.—Beautiful weather marked the opening of the Baptist state convention here yesterday. The convention will last five days, and bids fair to be the largest ever held, as every delegation presents a full membership; besides, many delegates have brought their wives and relatives. In addition the reception committee has received some 150 responses from clerical and lay brethren expressing their intention to visit the convention. The Rev. O. B. Sarber, pastor of the First Baptist church here, and the official members of the congregation, assisted by their wives, are acting as a reception committee, and meet all delegates upon their entrance into church. The day was spent in meeting and shaking hands with strangers, and but little actual work was accomplished.

Informal Conference To-day.

New York, Oct. 22.—From present appearances it is safe to predict the Republican national convention will be held the last week in May or the first week in June in either Chicago or Pittsburgh, with the chances largely in favor of Chicago. An informal conference of Republican leaders has been agreed upon to take place here today, at which the time for calling together the Republican National committee will be agreed upon. That body is likely to be called together in Washington the first week in December.

Killed in a Railroad Wreck.

Portland, Ind., Oct. 22.—No. 11, a north-bound freight on the Grand Rapids & Indiana road, was wrecked at Seventh street crossing in the southern part of the city at 7 o'clock last night, and a dozen or fifteen loaded cars piled in a heap. The train was coming down a grade when the accident occurred and is supposed to have broken in two. The dismembered remains of a boy about 15 years old have been found under the wreckage, but no one knows who he was. The damage is heavy and traffic was delayed for hours.

Report of Commissioner of Labor.

Washington, Oct. 22.—In his tenth annual report, devoted to strikes and lockouts, Carroll D. Wright, commissioner of labor, computes that the loss to employees in establishments in which lockouts and strikes occurred during the thirteen and one-half years ended June 30, 1894, amounted to \$190,493,332, and to employers \$94,825,837. The loss to employees on account of strikes was \$163,807,866 and on account of lockouts \$26,685,516; to employers on account of strikes, \$82,590,386, and on account of lockouts, \$12,235,451.

May Abolish Convict Labor.

Laporte, Ind., Oct. 22.—The special committee appointed at the last session of the legislature has completed an exhaustive inquiry into the management of penitentiaries and the result will be the introduction of a bill abolishing the present system of hiring the convicts to contractors. It is proposed to employ the state's charges on the public highways, the only exception being made when long time and life prisoners are received for confinement. The object is to force convict labor from the field of competition with free labor.

BY AN ACCIDENT

IRON BRIDGE LETS ITS HUMAN LOAD FALL.

Thirty People Injured and Three Are Missing—Unknown Woman Said to Have Been Drowned—Crowd Was Returning From the Scene of the Late Fire at Algiers La.

New Orleans, La., Oct. 22.—There came near being a horrible calamity about 6 o'clock Sunday afternoon and as it is there are about thirty persons suffering from injuries more or less serious, while there are fears of three people being drowned. This terrible state of affairs was caused by the breaking down of the little iron bridge which leads from the Algiers ferry house to the floating wharf where the ferryboat is accustomed to land. The following is a list of the missing:

Annie Missina, aged 8 years; Mary Lauer, aged 11 years;

The injured are: D. Meehan, broken leg; F. C. Champagne, head cut and bruised; Joseph Affno, leg broken; J. I. Carroll, court officer, leg injured; Mrs. August Camper, bruised; Mrs. Mossa, bruised; Mrs. W. S. Garvey, leg and arm injured; Mrs. Sarah Condon, hip injured; Mrs. P. McMahon, bruised; Miss Laura Wagner, head cut; Miss Jennie Wagner, cut on the head; John Courtney, left arm injured; Joe Gregory, leg broken; Miss Lulu Lawman, internal injuries; Henry Acker, right arm broken; Ralph Patton, aged 6 years; injured about head; William Brooks, injured about body; Louis Marglosky, bruised; Thomas Landay, left hand cut; Unknown lady, hip injured. It is stated that an unknown woman was drowned. The crowd was returning from the scene of the fire in Algiers.

RUN DOWN BY A TRAIN.

Four Persons Killed and Their Wagon Demolished at Miller's Station, O.

Stuebenville, Ohio, Oct. 22.—East-bound accommodation No. 56 on the Panhandle railroad crashed into a wagon at Miller's Station crossing about 7:30 o'clock yesterday, demolishing the vehicle and killing the four occupants. Their names were:

Edward Cogan, driver, 18 years of age.

Samuel Cogan, Jr., plasterer, aged 20.

Samuel Cogan, Sr., plasterer, aged 45.

John Campbell, hodcarrier, aged 26.

The bodies were horribly mangled. There is a sharp curve near the crossing and the engineer claims he did not see the wagon until too late to stop the train. The victims were residents of Youngstown, near Latrobe, Pa.

President Goes to Atlanta.

Washington, Oct. 22.—The special train on the Southern Railway bearing the presidential party left Washington for Atlanta at 11:10 last night. There was a large crowd at the station to witness the departure and that required the services of a number of special officers to preserve order. The party consists of President Cleveland, Secretary and Mrs. Carlisle, Postmaster General and Mrs. Wilson, Secretary Herbert and Mrs. Micou, his daughter, Secretary Hoke Smith, Secretary Morton and Miss Morton, Secretary and Mrs. Lamont, Mrs. Harmon, wife of the attorney general, and Private Secretary Thurber.

Masons Meet at Washington.

Washington, Oct. 22.—The supreme council of inspectors general of the thirty-third degree, Ancient and Accepted Scottish Rite, of free masonry in the southern jurisdiction of the United States, mother supreme council of the world, began a biennial session at the House of the Temple here at noon yesterday and will remain in session until Friday or Saturday. The lieutenant and acting commander, Thomas Hubbard Caswell of California, presided. After the formal ceremonies of opening the presiding officer read an allocution.

Ministers at Peoria, Ill.

Peoria, Ill., Oct. 22.—The Central Illinois Congregational Ministerial Association held a meeting at the First Congregational church yesterday. In the morning an experience meeting was in order. In the afternoon Dr. Sherill, of Galesburg, read a review or criticism of Kidd's "Social Evolution," and a discussion followed. In the evening the Congregational club of central Illinois enjoyed a banquet in the parlors of the church.

Mission Murderers Executed.

Foo-Choo, Oct. 22.—Mabel Hartford's assailant and thirteen others convicted of taking part in the Hwasang massacre have been put to death at Ku-Cheng. The execution was witnessed by the foreign consular commission, the Chinese prefect, the district magistrate and a great crowd. There was no disturbance.

Getting Ready for War.

Tacoma, Wash., Oct. 22.—R. Van Bergen, a Tokio newspaper man, arrived yesterday from Japan. He says when he left there, Oct. 4, both Russia and Japan were actively preparing for war, the former having 100,000 troops massed at Vladivostok, while the latter is purchasing naval equipment of all descriptions.

THE WATER CO. MAKE A NEW STATEMENT

DOCUMENT FILED WITH THE
CITY CLERK.

The Expenses and Earnings, Cost Originally and the Cost of Extensions and Improvements Included—Offer Books, Statements, etc., For Inspection By the City.

The following statement was filed with City Clerk Badger yesterday by the Water company:

TO THE MAYOR AND COMMON COUNCIL OF THE CITY OF JANESVILLE: Understanding that the city is not satisfied with the statement of the cost of the Janesville Water works, which was filed with the city clerk April 8, 1895, for the reason that the said statement did not include the cost of the plant down to August, 1894, the company deems it proper to present to the city the following supplemental statement:

STATEMENT OF COST.
Total amount according to statement filed April 8, 1895, which includes the cost of the works as originally constructed, and all extensions, additions and improvements down to January 1st, 1892, \$184,534.35
Cost of extensions and improvements from January 1st, 1892, down to August 1st, 1894, \$11,587.58
The above amounts include no interest on cost or bonds, and no discounts on bonds.

The following is a statement of the expenses and earnings of the company from the time it commenced operations in August 1888, to July 1st, 1894:

Aug., 1888, to Jan. 1st, 1889	Expenses.	Receipts.
1889	\$7,063.89	\$12,892.10
1890	6,457.22	11,292.40
1891	4,555.29	14,420.27
1892	7,559.02	17,444.27
1893	7,663.44	19,248.64
1894 to July 1st.	2,819.86	10,673.10

The above expenses do not include any interest on cash or any interest on bonded indebtedness.

For the purpose of verifying the foregoing statement of cost, expenses and receipts, the company again offer to the city for its inspection all books, accounts, statements, vouchers, receipts, papers and documents which the company has in its possession or under its control and offers to aid the city in every way possible in obtaining any other evidence relating thereto which may exist.

HUMAN LIFE IN PERIL.

A New Disease Dangerously Prevalent.

Heart Failure Recognized the Most Deadly Complaint.

All the Danger Comes From a Weak Heart.

And a Weak Heart Always Comes From Weak Nerves.

Fortify Your Heart and Nerves Against the Dangers.

Of late a new disease has developed from our latter-day civilization, a disease unheard of a few years ago, known as heart failure. So common are sudden deaths, people dropping dead without apparent cause on our streets, in offices, shops and factories, that the Boston Herald editorially states that "we seem to be in the midst of an epidemic of sudden deaths," and the Boston Record voices the cry of the public when it asks "what is the cause of the great number of sudden deaths, and what is the remedy?"

The deaths come from heart failure, and the cause of heart failure is weak nerves.

It is plainly evident that if people, by overwork, fret, worry, dissipation or excesses, break down their nervous systems, nerve weakness must result.

It is not singular, therefore, that the heart is the first organ to suffer the result of nerve weakness.

A nervous irritation of the heart is the first symptom experienced, causing irregular beating, rush of blood to the head, flushed face, cold feet and extremities with nervousness and tired feeling. After a while, dizziness, giddiness, swimming of the head, dimness of vision, sudden strange faint feelings, followed by a sinking sensation in the left chest or at the pit of the stomach. As the disease progresses there are trembling sensations, palpitation or fluttering in the left side of the chest, shortness of breath, especially after exertion, stooping or going up stairs. The sufferer will be drowsy daytimes and wakeful at night, and is more or less constantly haunted by a feeling of apprehension or anxiety, as of some impending danger.

Persons experiencing these symptoms have heart disease and are in momentary danger of heart failure—death. It can be cured by Dr. Greene's Nervura, the great nerve and heart tonic, as this wonderful restorative will immediately give strength and vigor to both heart and nerves.

In any case do not delay. There is no time to lose, and the cure may depend upon your taking this medicine immediately. Just read what Mrs. J. M. Adams, of Elizabethtown, N. Y., says of this astonishing cure.

"About two years ago I was in a very bad state on account of heart disease. I was in a feeble state of health, and from the action of the heart I was very weak and did what work I could do, in suffering.

"I had numb spells occasioned by inaction of the heart, which confined me to my bed for days. All this was brought on by the grippe three years ago.

"I found I had to do something quick, and reading of Dr. Greene's Nervura blood and nerve remedy, got and took the medicine. I found it all that it was recommended to be, and received great benefit from it, and found it helped my nerves.

"I can say truthfully that it is the best remedy I know of, and I gladly recommend it to others, and I shall be pleased to answer any inquiries as I have often done."

This grand medicine for heart and nerve is not a patent medicine, but the prescription of the most skillful living specialists in curing nervous and chronic diseases, Dr. Greene, of 35 West 15th St., New York city. He has the largest medical practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that this medicine will cure, and the fact that he can be consulted by any one at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

A Comparison.

If a comparison were to be made between our special \$2.50 dongola kid shoe and a shoe of like price sold by some other dealer, the difference could be distinguished very easily. First, the stock is the same as that used in a \$3 or \$3.50 shoe. Other shoemen could not sell a shoe as good as this for \$2.50 without a loss to themselves. Second, any other \$2.50 has not the slipper for our special contains. Only high-priced goods have this front. A dealer could not show you this shoe if he wished. We designed it and had the lasts made. Don't fail to ask to see it. Richardson Shoe Co.

FEED ROASTED CORN TO THE SICK HOGS

NEW CURE FOR THE CHOLERA
IS BEING TRIED.

They Say That It is a Certain Remedy and Johnstown Center Farmers Are Giving It a Fair Trial—Whole Family Sick at Shopiere—Other County News.

Johnstown Center, Oct. 22—The farmers are feeding roasted corn to the hogs that are afflicted with the cholera, which is said to be a sure cure. We have one enterprise in our village of which people ought to feel justly proud, and that is our new creamery. G. D. Hall purchased the Thompson place last spring, and put in a new set of the latest improved machinery for making butter and the grinding of feed. Although a large business has not been done this summer, a first class article of butter has been produced, which has always brought the highest market price. Mr. Hall expect a larger run of business next season, and he certainly deserves it, for he never asked a person to pledge their patronage, but started the business at his own expense and risk. Mr. Hall attends to the business himself, and we hope his expectations will be fully realized. Mr. White had the bad luck to lose his best cow last week; a piece of pumpkin lodged in her throat, and before it could be removed, she died. Marcus Wheeler of Windsor, Dane County, visited at Arthur Pratt's last week. William Beals has again become a resident of this village. Mr. Tillman from Milton was buying horses here last week. E. G. Newhall of Janesville spent a portion of last week here with relatives in Johnstown. A couple of lighting rod agents have been canvassing around here without success. A crop of '93 tobacco was sold in this town last week at a good figure. There are several crops yet of '94 in town. J. A. Fellows of Janesville made a few business calls in Johnstown last week. E. Gessler has bought the "Old Waters" place formerly occupied by H. Peabody. Ed. Waters will move to Whitewater the first of next month where he expects to engage in live stock buying. Mr. and Mrs. Wm. Jones will soon move on the farm which they purchased of William Anderson. Judy Walker finished his years work far Will Pember last Saturday and expects to spend the winter in the far west. Miss Leonard closes her fall term of school her on Friday of this week. Will McCann of Rock Prairie draws milk from his neighborhood to the creamery. Husking corn is the order of the day.

SHOPIERE FAMILY ALL SICK.

Mr. and Mrs. Noah Jones and Four Children Sick With Typhoid Fever.

Shopiere, Oct. 21—Mr. and Mrs. Noah Jones and their four children have been having quite a serious time with typhoid fever, but are improving slowly. Dr. Manley and wife returned home from the east on Thursday last, where they have been visiting relatives. The doctor thinks old Rock a better place to live in than any county he saw in New York state. Mrs. Steadwell is expected home from New York state where she has been visiting for some time. Mrs. Gregory of Dakota, better known as May Culver, is visiting her old time relatives and friends in this place. Waldo Scott and wife of Racine are spending a week or two with their parents. Mrs. E. K. Maniton is visiting in the east. Mrs. A. A. Allen who has been sick for some time is improving. Oliver Smith at the depot has been contracting a good many cars of hard coal to his patrons the past week. Hammond & Fonda are doing a good business riding around the county picking up old and crippled horses to kill for their hides. They have slaughtered about ninety head this fall. Mrs. Jerome Shimeal and daughter Maud, who are visiting relatives in Kansas, will be home soon. Farmers cut up almost all of their corn as the dry weather prevents husking or stacking it. Tell Mermerer is trying to thresh corn but the heavy winds we have stops him. Harvey McArthur from Fort Atkinson was in town a few days last week on business. Ueling & Brinkman are making some improvements on their factory. Mrs. Beckworth from Chicago, a sister of Mrs. C. H. Weirick has been visiting this place the past week. Charles Shimeal has been spending a few days in Chicago with his parents and other relatives there.

Gossip of South Clinton.

South Clinton, Oct. 22—If you want to see nice potatoes and lots of them, just visit South Clinton. E. L. Benedict took several premiums at the Janesville fair. Lissie Elliot, wife and child and their nephew drove through from Edgewood, Ia., and are visiting at their uncle's, C. J. and W. E. Dressers'. Mrs. Bates was quite sick for a few days. The Norwegian sewing society were entertained at T. T. Nelson's last Thursday. C. J. and W. E. Dresser, in company with their nephew and family, visited Janesville last week and took in among other points of interest the School for the Blind. There was a ball game in C. J. Dresser's woods between the Manchester and South Turtleites in which Manchester were the winners.

FORM A CHOIR UNION WITH A BIG LIST

ABOUT SEVENTY MEMBERS ARE
NOW ENROLLED.

C. S. Cleland Chosen President; Miss Paulson Vice President; Mr. Bodecker Secretary and Miss Harrington Treasurer—The Bylaws Adopted.

"The Janesville Choir Union" was organized at the meeting held at the Baptist church parlors last evening and officers were elected as follows:

President—C. S. Cleland.
Vice President—Miss Emma Paulson.
Secretary—Mr. Bodecker.
Treasurer—Miss Amelia Harrington.

C. S. Cleland acted as the chairman of the meeting and F. A. Spoon kept the records. The constitution and by laws, as reported by the committee were presented, discussed and adopted. Some of the conditions and objects set forth therein are as follows:

Its object is to increase the interest in the musical services of the several societies and to study the higher order of sacred music.

There are to be two classes of members, active and honorary, the only difference being that the honorary members are not required to sing at the rehearsals of the union, but are privileged to attend any and all meetings and rehearsals upon the payment of the annual dues of \$1.

Outsiders are Eligible.

A person need not necessarily belong to a Young People's society to become a member of the Choir Union. Any adult of good moral standing, whose name is recommended by the music committee of any society of Christian Endeavor or Epworth League, is eligible to either active or honorary membership.

The officers of the society will be a president, vice president, secretary and treasurer. The President of the Local Union is also to be president of the Choir Union by virtue of the first named office. The other officers are to be elected from the active members, annually, at the first regular meeting in October. Added to the usual duties of secretary and treasurer will be that of making a report at the annual meeting of the Local Union.

Meet Monday Evening.

The executive committee will be composed of the officers of the choir union and the chairman of the music committees of the different Young People's societies which are represented in the union.

The society is to meet every Monday evening the time to be specified by the president. The meetings will be held at the different churches in turn.

The outlook for the society is very bright. The Baptist society promises twenty-four members; the Congregational church twenty-two and other churches will swell the membership by a proportionate number.

The next meeting will be held next Monday evening at 8 o'clock in the Congregational church unless notice to the contrary appears in the newspapers.

A FILTER INSIDE YOU.

How Your Blood Is Kept Pure.

Health Comes From Pure Blood.
Pure Blood Depends On Your
Filter Inside You.

Your Kidneys Keep Your Blood Pure
If They Are Well. A Few Facts
About Them and How to Make
Them Well When They
Are Sick.

Your blood is what nourishes your body.

New blood is made up every minute. It goes to the lungs, gets fresh air, and then passes through the body. In passing, it deposits new flesh, fat, bones, etc., and takes up worn out matter.

This worn out matter goes to the kidneys. The kidneys filter it out of the blood and throw it out of the body.

That is, when they are well, they do.

When your kidneys are well, they act as perfect filters, to keep your blood pure. When they are sick, they act imperfectly. They leave the bad matter in. Sometimes they take out the good.

There is nothing more poisonous than bad blood.

A proof of this is rheumatism. It is simply a blood poisoning caused by the bad matter being left in the body by sick kidneys.

Bright's disease is the kidneys working the other way—taking the good food out of the blood.

Both kinds of kidney sickness are dangerous.

Both can be cured by Dr. Hobb's Spargus Kidney Pills.

One of the most wonderful facts of our body is this natural filter inside us. Our kidneys are very important organs. We don't take enough care of them. We are sick oftener than there is any need for. It is simply because we take no heed of our kidneys.

Sick kidneys show their effects in many different diseases.

Rheumatism and Bright's disease are very common. Anemia, neuralgia, pain in the back, dizziness, bladder troubles, gravel, diabetes, sleeplessness, nervousness.

These are only a few symptoms, or so-called "diseases." Back of them all are the sick kidneys.

Once the filters can be made to work, all these symptoms will disappear.

Dr. Hobb's Spargus Kidney Pills are made principally from the roots of the asparagus plant, which has a special curative action on the kidneys. It gives them new life and strength. It helps them to do their work as it ought to be done. It cures their sickness. It cleans and renews the filter.

When the kidneys are well you will feel a great difference at once. Your complexion will clear and your whole body will get renewed life and freshness.

This is the effect of Dr. Hobb's Spargus Kidney Liver on the sick kidneys, of the revitalized kidneys on the impure blood.

With a course of Dr. Hobb's Spargus Liver Pills you will get new life. They will cure you when other medicines which cannot reach the real seat of the disease cannot help you.

Dr. Hobb's Spargus Kidney Pills are for sale by all druggists. Price 50 cents a box, or will be sent prepaid to any address on receipt of price.

An interesting booklet, explaining about the kidneys and their power for good and evil, sent free on request. Address Hobb's Medicine Co., Chicago or San Francisco.

It's just as easy to try One Minute Cough Cure as anything else. It's easier to cure a severe cough or cold with it. Let your next purchase for a cough be One Minute Cough Cure. Better medicine; better results; better try it. C. D. Stevens.

Home-seekers' Excursion For October.

On October 8 and 22, the Chicago, Milwaukee & St. Paul Railway will sell home-seekers' round trip excursion tickets at half fare, with \$2 added for return trip, to points on its own lines west, and to all points in Nebraska, Kansas, southwest Missouri, Utah, Colorado, New Mexico, Arkansas, Wyoming, Oklahoma, Indian Territory, Texas and Arizona. Tickets will be good for return on specified dates up to November 12.

The healing properties of De Witt's Witch Hazel Salve are well known. It cures eczema, skin affections and is simply a perfect remedy for piles. C. D. Stevens.

Cotton States and International Exposition at Atlanta, Ga.

For the above event the Chicago, Milwaukee & St. Paul Railway will sell excursion tickets from Sept 15 to Dec. 31, 1895, good for return until, including Jan. 7, 1896. The rate of round trip will be 75 per cent. of double lowest first class fare.

It is a truth in medicine that the smallest dose that performs a cure is the best. De Witt's Little Early Risers are the smallest pills, will perform a cure, and are the best. C. D. Stevens.

The Baby Is Cutting Teeth?

Be sure and use that old and well-tried remedy Mrs. Winslow's Soothing Syrup for children. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhea. Twenty-five cents a bottle.

GIFTS TO Y. M. C. A. A GOOD INVESTMENT

BUSINESS MEN WILL GET SUB-
STANTIAL RETURNS.

Those Who Ask Questions About the Financial Aspect of the Work in Janesville Are Invited to Look to the Example of other Towns.

What sort of an investment is the Janesville Y. M. C. A. building?

Business men who are asked to contribute naturally make the inquiry. They want to know what they are getting for their money.

A few facts from other towns may explain.

For the tenth consecutive year the Wells Fargo Express Company has paid the fees of all the clerks in its home office in San Francisco for membership in the Young Men's Christian Association.

Recently the general secretary of that association received from the company a check for \$1,350 being membership for 135 young men at \$10 each.

The monthly bulletin of the St. Louis Y. M. C. A. in commenting on this fact, points out that if such a course were more generally followed by corporations and business men towards their young men there would be less defalcations, embezzlements and other evils. Business men are coming to realize that money invested in the Young Men's Christian Association yields a very large profit in a higher quality of manhood. Employers may be fairly safe against theft if they have clean companionship. Better service—better in quality and in the willingness of its performance—will result from the constant influence of such places as the association.

Janesville Building Ready.

"Janesville's beautiful building has been pronounced a model by men of large experience in Y. M. C. A. work, residents of Chicago, Milwaukee and New York city," said Secretary Kline today. "With this building open from 8 a. m. to 2 p. m. every day in the week, Janesville will have a center from which good influences will radiate. There is needed little more than the gift of the Wells-Fargo Company for one year to insure the opening of the building at once, free from all debt. It cannot be opened until this amount is secured. Why not give our city a good name, the young men a good opportunity, and rejoice in having made possible an institution in our midst that men everywhere believe to be of practical value.

"Who will be the man, or one of a number of men, to come forward and open the building?"

Take Care! There is Danger

In allowing inactivity of the kidneys to grow through neglect. The deadly shadows of Bright's disease and diabetes will wreck the goodly bark of health if it is allowed to drift rudderless upon them. The bladder, too, if inactive, and judicious medication does not speedily direct the helm toward the port of safety, will be whelmed by the quicksand of disease. In selecting a diuretic, let your choice fall upon Hostetter's Stomach Bitters, which stimulates the renal organs without irritating and exciting them, two effects to be apprehended from the immediate stimulant largely resorted to. These have a tendency to react prejudicially. The Bitters invigorate the kidneys and bladder, in common with the nerves and digestive organs, and so afford lasting aid. It also affords dual assistance in preventing and curing intermittent and remittent fever, biliousness, constipation and rheumatism; it also purifies the blood.

There are many good reasons why you should use One Minute Cough Cure. There are no reasons why you should not, if in need of help. The only harmless remedy that produce immediate results. C. D. Stevens.

JACK THE RIPPER.

Insanity Expert Says He Is in a Country Asylum in England.

Dr. Forbes Winslow, a well-known insanity specialist of London, is in New York. He says Jack the Ripper is incarcerated in a country lunatic asylum in England. The story told by Dr. Winslow follows: "Jack the Ripper" was a medical student of good family. He was a young man of slight build with light hair and blue eyes. He studied very hard and his mind, being naturally weak, gave way. He became a religious enthusiast and attended early service every morning in St. Paul's. His religious fervor resulted in homicidal mania toward the women of the street and impelled him to murder them. He lodged with a man whom I know, and suspicion was first directed toward him by reason of the fact that he returned to his lodgings at unreasonable hours; that he had innumerable coats and hats stained with blood. I have in my possession now a pair of Canadian moccasins stained with blood that the 'Ripper' wore while on one of his murderous expeditions, but at that time they refused to co-operate with me. Subsequently the young man was placed in confinement and removed to an asylum, where he is to-day. Since his incarceration there has been no repetition of the horrible murders that he perpetrated. These facts are all known to the English authorities, and it is conceded that the man now in the asylum is 'Jack the Ripper.' It was deemed desirable, however, to hush the matter up. The details were too horrible to be made the subject of a public trial, and there was no doubt of the man's hopeless insanity."

ITS WEIGHT IN GOLD.

A NEW DISCOVERY WHICH IS WORTH
THAT MUCH.

To Anyone Afflicted with Piles.

The Pyramid Pile Cure, the new, painless remedy which has been so remarkably successful in curing every form of piles and rectal diseases, has recently been placed on sale at druggists and it is safe to say that when its extraordinary merit becomes fully known, there will be no such thing as surgical operations for the cure of this obstinate and common trouble.

Mrs. M. C. Hinkly, of 601 Mississippi St., Indianapolis, Ind., says: "I had been a terrible sufferer from piles for 15 years and no remedies benefited me, until I saw an advertisement of the Pyramid Pile Cure; I got a package, also a package of Pyramid Pills and used both according to directions. I was astonished at the immediate relief obtained and now I honestly believe the Pyramid to be the only certain cure for piles."

That you may realize how bad I was, I will say that I was confined to my bed and went before the college physicians here who said my case was a new one to them and wanted seven or eight hundred dollars to undertake a cure; the great pain had brought on a rupture, and I knew an operation would be death to me on account of blood poisoning. Nearly everyone here knows of my terrible suffering from piles and I feel that I cannot praise the Pyramid Pile Cure enough, and the Pyramid Pills also. My husband will join me highly recommending the Pyramid, my daughter was cured by one box only. For several years I weighed but about 90 pounds, now I weigh 150 and feel in perfect health."

This seems to be the universal testimony of every sufferer from piles who have ever tried the Pyramid; it is the safest, most painless pile cure yet discovered; contains no opiate, morphine, cocaine or any poisonous ingredient whatever, has a soothing, healing effect from the first application, and the moderate price places it within the reach of everyone needing treatment. The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00 per package and the "Pyramid Pills" at 25 cents per box. Send to Pyramid Co., Abidon, Mich., for free book on cause and cure of piles.

THIS DAY IN HISTORY

1492—First meeting between Europeans and Americans aborigines on board Columbus' vessels.

1740—Sir Philip Francis, alleged author of the famous Junius letters, was born in Dublin; died 1818. Sir Philip was a member of the supreme council of Bengal of which Warren Hastings was president. He opposed Hastings in his doubtful measures, fought a duel with him and was severely wounded. He entered parliament, was prominent in the trial of Hastings, supported Fox during the French crisis and favored the abolition of the slave trade. He was a writer of great ability and believed by Brougham and Macaulay to have been the author of the Junius letters. He denied the allegation. Brougham asserted that he did so in order to preserve "the tranquillity so invaluable in the decline of life."

1811—Franz Liszt, Hungarian musician, was born; died 1882.

1832—Leopold Damrosch, eminent musician, born in Poland; died 1895.
1883—Captain Mayno Reid, the well known English novelist of adventure, died; born 1818.

WANTS A CHANCE TO REFUSE.

Does Mr. Cleveland believe that the public knowledge that a president was aiming a third term would more or less discredit his every announcement and act? The "unfortunate attitude" to which he alludes in a recent statement is not the result of voluntary public opinion. It is the outcome of his own reticence and a false estimate of his personal dignity, which he sets above the welfare of his party and the interests of those men most prominently before the country as possible candidates. Inordinate vanity, which blinds him to all save self, is at the bottom of the unfortunate muddle. Indeed, we suspect that an egotistical letter of declination, addressed to the democratic convention, is already completed or under way, and is at least partially responsible for the neglect of international questions which for months have called in vain for recognition.

ONE-SIDED ARBITRATION.

England's idea of arbitration is a peculiar one. She makes it clear in the terms she proposes for the Venezuela settlement. They involved a practical surrender by Venezuela of the real question in dispute. England is always ready to arbitrate if by such peaceful means she can secure more than by her customary bulldozing tactics. Diplomacy with England is simply wholesale brigandage made easy and safe. This fact is fully illustrated in the present instance.

Pickwicks Have Made Odd Men a Study

Very seldom does the peculiar shaped man have a perfect fitting suit of clothing. This fact is easily explained. In the first place heretofore the only way he could get correct shaped clothing was by going to his tailor and of course he would be obliged to pay a high price for his suit. It has been impossible for him to get a ready made outfit that covers his angular curves to any advantage. Pickwick system of tailoring is for these odd shaped men exclusively. The makers have studied hard to fit for years in order to place upon the market ready made goods that would fit any shape. Zeigler's large ad. of this evening will tell you more about it.

Is Still On.

28 days more of clothing and shoes at The Annex. Yesterday we did a rushing business, which is rather strange in any case for the first day of the week, but it shows that the bargains on clothing and shoes are real. No humbug about this immense deal. Think of it! \$24,000 represented in two stocks, one of them clothing, the other shoes and every article new and good, if you save a dollar honestly with us you never will be able to hold on to it any where else. Marvelous reductions on every hand on the most reliable of goods. Lowell's Annex.

Always Popular.

Irish plays, of whatever calibre, always seem to be specially attractive to theatre goers, but we are promised an especially good Irish story told in a novel manner when the comedy actor and sweet singer, Mr. Chas. H. Hopper appears here at Myers Grand on Wednesday, Oct. 23, in his new romantic comedy-drama, "The Vale of Avoca," founded on Tom Moore's beautiful lines:

"There's not in this wide world a valley so sweet
As the vale in whose bosom the bright waters meet."

Our Fur Coat Sale.

Remember that Saturday's special fur coat sale will give you opportunity to see more styles and at lower prices than you are in the habit of seeing when you start out to look for a warm garment to ride in. If you have ever taken a long drive on a real cold day without a fur coat, you are in a position to realize how much real worth there must be in a fur garment. For one day's wearing the coat has paid for itself. If we can't show you just the style you want you can give us your order and insure yourself a perfect fit. This is a grand chance to see the entire line of the largest fur garment manufacturers in the United States. Everyone has heard of "Hansen's," of Milwaukee. Don't forget that Saturday, October 26 is the day. F. H. Baack.

A Hard to Fit Task.

A talk that has much common sense in it is that of T. J. Zeigler's on Pickwick clothing in his large advertisement on page 8. The matter is interesting and will bear thorough study. Zeigler is the exclusive hatter of Pickwick clothing in Janesville. This system of tailoring is a new one to the clothing world and has proven to be high art from every point of view.

Amid the Rush.

The famous Marzluft shoe still holds its own. We save you from \$1 to \$2 a pair on them. They always fit well and wear like iron. We have the sole agency for the city. Lowell's Annex.

Unitarian Conference.

Washington, Oct. 22.—The sixteenth annual session of the national conference of Unitarian and other Christian churches was opened last evening at Metzerott hall. The conference is unique among religious gatherings. The relations of the various churches is purely that of association, and the renunciation of formal creed and central authority makes theological disputes impossible. The sermon was preached by Rev. Minot J. Savage.

Details of an Ocean Disaster.

Shanghai, Oct. 22.—Private advices received from Kim-Chow say that the disaster to the steamer Kun Pai occurred in the morning of Oct. 14 about twenty miles from Kim-Crow. Captain Soden, the first and second mates, first and second engineers and one passenger are dead. There were 700 soldiers aboard when the first powder explosion occurred, setting the vessel on fire.

To Decide Judge Long's Case.

Washington, Oct. 22.—The supreme court has set the hearing of the case of Judge Long, of the Michigan supreme court, who seeks to prevent reduction of his pension from \$72 to \$50 a month, for the third Monday in January.

Ex-Gov. Beveridge Sinking.

Sandwich, Ill., Oct. 22.—Ex-Governor Beveridge was much worse Sunday night and has not recovered, so he lies in a most critical condition, with little hope of recovery. His mind remains clear, but he grows weaker in his physical condition, the change being marked in the last twenty-four hours. Unless there is a change in the next day or two the worst is feared.

Will Fight the Briton.

Seattle, Wash., Oct. 22.—The citizens of Alaska are greatly excited over the boundary line question and propose to take steps in the matter without delay. They do not want to see what they term the richest portion of the United States annexed to British Columbia and say they will fight before they will see it taken.

Railroad Is Responsible.

Little Rock, Ark., Oct. 22.—Judge Williams, in Federal court, has overruled a motion for a new trial in the celebrated case of Sallie Greenhal vs. the St. Louis, Iron Mountain and Southern Railway and the Pullman Palace Car Company. An appeal was taken to the United States Court of Appeals.

THREE BABES LEFT BY THEIR PARENTS

AUTHORITIES HAVE YOUNG CHARGES TO LOOK AFTER.

The Trio Are All Boys and Superintendent Allen of the Poor Farm Seeks Homes For Them As They Are Too Young to Go to Sparta School.

A sad story is told in the advertisement printed in another column of The Gazette tonight. It reads:

"A home is wanted for three boys: one three years old, one eighteen months, and one six weeks old. Abandoned by their parents. Apply at the county buildings."

These children are the ones left at the county buildings by a man who gave his name as "Stevens," some time ago. Stevens said his wife had run away, and that he could not care for the babes. The proceeding was hardly a regular one, but the day was cold and the babes benumbed, and Superintendent Allen's tender heart was touched. It would have been inhumanity to have refused the children's shelter, so they were taken in, pending the supposed father's promised efforts to have them cared for in the proper manner. When the children got thawed out the eldest one was asked if the man who brought them there was his father.

"No," lisped the babe, "that is Ed."

Then Superintendent of the Poor Kenyon decided to investigate. He drove to the home of the alleged father in the town of Center, and made some inquiries of the neighbors. They said that the story told at the county house was untrue.

"Why," said one of them the man and his wife went to the county house together."

Then Superintendent Kenyon recalled the fact that he had met a woman on the way to the asylum, who hid her face with her hands as she passed him. As he could not find the parents and as the children are too young to be sent to Sparta, an effort is being made to find homes for them here.

HORSE HIDES GO UP IN PRICE.

Boom is On and The "Pelts" Double in Value.

The horse killing business has taken a boom. Chicago and Milwaukee buyers have been in the city the past week buying "pelts." A buyer from Chicago has had things all his own way now has to meet competition. \$1.75 was considered a good price at first but its different now for a well known agent representing the Milwaukee Fur Exporting company has been here and in consequence "pelts" have taken a jump. \$3 is now the ruling figure. Last Saturday thirty one hides with manes and tails attached were shipped from this city and proprietor Faun & Kennedy were at last accounts bargaining with the Joseph Ullman Fur House of St. Paul for another large shipment.

OLDEST YALE GRADUATE.

Sketch of Rev. Samuel Bissell, Now in His 99th Year.

The accompanying portrait is an excellent likeness of the oldest living graduate of Yale College as he appears to-day. He is Rev. Samuel Bissell, of Twinsburg, a village a few miles north of Akron, Ohio. He is in his 99th year, but enjoys comparatively good health, and will doubtless reach the

REV. SAMUEL BISSELL.

century mark. Although it is more than three score years since he graduated from that institution of learning, he delights to hear of the success of Yale students in sports or studies. Rev. Mr. Bissell was born in Middlefield, Mass., in 1797. He came, with his father's family, to Portage county in 1806. He attended school at intervals, and helped his father to make a home in the forest. In 1816, determining on a better education, he made his way, on foot and alone, to Yale College. There, with but a few dollars on which to commence his college life, he completed the full course, with no aid save his own head and hands. He graduated with honor in 1823.

Soon after returning to his home he took charge of the Congregational Church at Twinsburg, and except for a few years spent as pastor of other nearby charges, Twinsburg has since been his home. He opened a private school there in 1826, which, growing rapidly, induced him within a few years to establish the Bissell Academy of Twinsburg, a place of learning which in its time had a wide reputation. Men who became prominent as judges, senators, governors and ministers are among those who received a part of their education at Bissell Academy.

Rev. Bissell was a great friend of the Indians. Hundreds were taught at the academy, and their board and lodging provided gratis. They came from all parts of the west to receive at least a little of the white man's learning. No one applied at the academy in vain. Whether or not the boy or girl, for both sexes were taught, had money to pay the way, if an education was asked it was given. The enactment of a law in 1846 for a public school in Akron was the beginning of the end. That city was the pioneer in Ohio securing a public school, and other towns soon followed its example. The attendance at the academies and private schools decreased. The preacher and teacher became old, and Bissell Academy was closed many years ago. Near the old school building, however, is a pleasant home, and Rev. Mr. Bissell, with no other companion than his aged wife, is spending his well-earned rest there.

Senator Carter of Montana.

The above is a good likeness of Hon. Thomas C. Carter, of Montana. At the recent session of the legislature he was chosen to represent the state in the United States senate. He is also chairman of the national committee of the Republican party, having been twice elected to that important office. In a few weeks he will issue a call for a meeting of the committee for the purpose of deciding when and where to hold the next national convention of the party.

Undeserved Shame.

"Augh laugh!" It was the baby. He had repeated the remark sixty times in the last hour.

Mr. Newleigh's hair, such as it was, stood on end.

"Gwow ohwb wowbgwow filwauff!" added the baby, while people living across the street got up and closed their windows.

Mr. Newleigh took a whetstone out of the table drawer and ground his teeth.

"To think," he groaned, burying his face in the pillows, "that I should grow up to become the father of a union depot train crier."

THE SHAKERS DO THEIR DUTY

"If a man discovers a valuable medicine," said Horace Greeley, "it is his duty to advertise it." Yes, and at once; for suffering demands the speediest relief possible. But let the man first be sure. Suffering had better wait than be deluded by false hopes. Medicine, like surgery, must often seem cruel in order to be really kind. On this principle the Shakers, of Mt. Lebanon, N. Y., withheld their great indigestion and dyspepsia remedy from the public for several years. With them right-doing is everything—money, comparatively nothing. Hence the popularity and success of whatever they offer for sale. Having satisfied themselves of the merit of their medicine by employing it in the worst cases of digestive disorders in their own vicinity for years, they did their duty—they advertised it, under the name of the Shaker Digestive Cordial. In all cases where there is distress after eating, pain in the stomach, chest and back; aversion to food with the usual symptoms, such as headache, furred tongue, eructation of gas, with weakness and loss of flesh, etc., the Cordial has a most happy effect. Being itself a digested food with power to digest other foods, it relieves the weak and possibly infirmed stomach of the labor it is in no addition to perform, gives new strength to the body and presently restores to the digestive organs their normal vigor. Taken immediately after eating this remedy insures the digestion of the meal and prevents the fermentation of the food, which is the source of most of the afflictive symptoms which accompany dyspepsia. It is also as agreeable to the taste as it is potent as a medicine. To show their own confidence in it, and to hasten its universal adoption, the Shakers authorize druggists to sell trial bottles at nominal price of ten cents.

Criminal Practice.
Col. Percy Yerger is one of the most popular criminal lawyers in Austin. He has an immense criminal practice and usually succeeds, with slight assistance from the jury, in acquitting his clients, no matter how atrocious their crime or overwhelming the evidence of their guilt. Last Sunday Col. Yerger's little boy Tommy was asked by his Sunday-school teacher:
"Tommy, the man who is good in this world goes to Heaven; now what becomes of the bad men who disobey the laws of God?"
"Papa clears them," was the response.
—Texas Siftings.

A Thief to Catch a Thief.
A witty and widely known Canadian bishop was lately visiting a certain college in which he took much interest. Whilst he was inspecting the electrical appliances of the scientific department, a polite professor remarked: "I wish, my lord, that we could construct a magnet strong enough to keep you always among us."
"Ah!" laughed his lordship, not ill pleased. "That would not be setting a thief to catch a thief, exactly. It would rather be setting a magnet to catch a magnet."—Harper's Bazar.

An Old Adage Exemplified.
Miss Elders—I don't see how they do it. That Widow Gettem is the most successful woman with the men I ever knew. She has married and buried three husbands and now she is to marry a fourth.
Miss Withers (sadly)—Well, it's the same old story, my dear: "Nothing succeeds like success."—Puck.

Fool or Genius.
Chummy—What would you think of a man that always went round talking to himself.
Gruffly—I should say if he did it to listen to himself, he was a fool; if he did it to avoid listening to his friends, he was a genius; and if he did it to save his friends from listening to him, he was a philanthropist.—Truth.

Dear Little Brother.
Mr. Courtney (flatteringly)—I had the blues when I came here to-night, Miss Fisher, but they are all gone now. You are as good as medicine.
Miss Fisher's Little Brother—Yes, father himself says she'll be a drug on the market if she doesn't catch on to some fellow soon.—Tit-Bits.

She'll Be His Death.
Alas! 'twas ever thus, men were deceivers ever. Before marriage a Johnny will vow on his knees that a girl is "his life," but you can safely bet anything you've got in the wide, wide world that it isn't so very long after the ceremony that he'll be telling her she'll be his death.—N. Y. Journal.

A Little Too Loving.
Bride—My dear, this hat has been crushed beyond redemption, and I must have a new one.
Groom—Very well, my darling. I'll stop in somewhere on my way home and buy you a new one.
(Bride faints with horror.)—N. Y. Weekly.

A Dangerous Practice.
A—Is dyeing the hair as dangerous as the doctors would make it appear?
B—Certainly; you may take my word for it. Only last spring an uncle of mine dyed his hair, and in three weeks he was married to a widow with four children.—Fliegende Blaetter.

Wind Is Cheap.
"Mamma, why do people get so mad with their bicycles?"
"What do you mean, child?"
"Why, they're all the time blowing them up."—Brooklyn Life.

Question for Economists.
The busy bee, the busy ant—
How do they fare
Beside the idle butterfly
That loafs in air?
—Chicago Mail.

A FASHIONABLE WEDDING.

Mrs. M.—That was an odd occurrence at the Smith-Gray wedding.
Mr. M.—Eh?
Mrs. M.—Why, the bride was given away and the groom sold.—Bay City Chat.

Next Best Thing.
Willie E. Went—Can't you let me off this afternoon to attend my grandma's funeral?
Staidto Home—Not very well; but you can slip out now and then to look at the score.—N. Y. World.

Severity.
"Well, has Tom been sending you another lecture on your riding too much?"
"Yes, another sermon on the mount."—Bay City Chat.

Why?
Hero—Why are some fools of men like the footlights?
Villain—I don't know, why?
Hero—They go out between the acts.
—Boston Courier.

Suggestive.
The Husband—Would you forget me if I should die?
The Wife—No, not entirely. I'd think of you every time I made a fire.—Life.

Usefulness.
He—Shall I come again to-morrow night?
She—No. You had better stay at home and get some sleep.—Town Topics.

The Tremor In Japan.
But there is one thing to have been noticed about Japan of late, a thing that seems to have rather escaped notice—Japan is trembling. In the glowing moment of her supreme victories, in the long hour of her almost unprecedented run of luck, does it seem more stupid or more impertinent to speak of Japan as being a-tremble? The laws of some countries hold that truth is no libel. The laws of other countries hold that truth is the greatest libel. I am uttering libel or I am not uttering libel according to the country by whose laws I may be judged. Most emphatically I am uttering the truth. No other word so truly adjectives Japan as does the word trembling.

This is the age of earthquakes. Almost daily the papers record the upheaval of some part or other of the world. And earthquakes are becoming almost common where they used to be nearly or quite unheard of. Japan, as far as we know, always has been, and probably always will be, the stronghold of earthquakes. That inscrutable some one whom some of us call God; that inscrutable something which some of us call fate; that inscrutable some one or something of which the bravest of us, the most phlegmatic of us, the most callous of us, one and all, stand in more than wholesome dread, for uncountable centuries has seen fit and will see fit to hold over the flower crowned head of Japan a Damoclean sword. — Mrs. Milh's "Quaint Korea."

An Oddity In Moonshining.
The astronomer royal for Scotland states that when the moon is half full its brilliancy is not nearly one-half as great as when it is quite full. He attributes the brightness of the full moon and the lack of brightness in the half moon to the variations in the reflected sunshine, which are due to the ruggedness of the moon's surface. The high peaks and immense chasms on the moon's surface are constantly at cross purposes in their mode of reflecting light. The bright streaks which the telescope proves to emanate from the craters and chasms are largely invisible under cross light, but are brilliantly illuminated when the sun shines full upon them.

Dangerous Use of Strong Purgatives.
Pills and purgatives which act quickly upon the bowels, irritate and destroy the mucous linings of the stomach and bowels. A continued use of such remedies inflames the stomach and bowels. The use of the genuine imported Carlsbad Sprudel Salt is highly recommended because its action is due solely to its solvent and stimulating properties, without irritating the stomach. Best results are obtained when out-door exercise can be had. Obtain the genuine imported article only.

The things that people see are inside of them and not outside. No two people see the same thing exactly alike. One woman may look out at a beautiful landscape and see all the beauty and restfulness and grandness that there is in it. Another one will look out at the same scene and see nothing. The man who is perfectly well and vigorous enjoys life to the full. Dr. Pierce's Golden Medical Discovery makes people well. There isn't anything miraculous about it—it is the most natural thing in the world. It simply puts the digestive organs, the stomach, the liver, the bowels, in perfect order and thereby makes the blood pure and rich. All diseases live and thrive on impure blood. Keep a stream of pure, rich, red blood flowing into a diseased spot, and the disease will not stay. A man lives on rich, pure blood, and disease dies on it.
Dr. Pierce's Golden Medical Discovery makes pure, rich blood.

ARE YOU A HARD-TO-FIT?

THAT'S THE PICKWICK QUESTION---the question that every man who desires to wear proper fitting **right shape** garments should ask himself. It's the question which Zeigler asks of every man, old and young, who has the slightest difficulty about the fit of his clothing---it's the question that Zeigler asks of every particular-about-fit-man, who is sick of the kind of "fits" he has been putting up with---it's the question Zeigler asks of every man who believes that only the "tailor" can fit him.

Our **Pickwick right-shape Clothing for hard-to-fit men** has spoiled this "tailor" made-to-order delusion for hundreds of Janesville's best, hard-to-fit dressers---has saved them many a \$10 and \$20 bill---has proven our pre-eminence as Janesville's leading and most progressive outfitters.

The magic of the **Pickwick** fit---the art of the **Pickwick** tailoring---are the equal of the best efforts of the high-priced tailors---are superior by far to the cheap, "made-to-order" kind.

The **Pickwick** idea for hard-to-fit men represents the highest development of the tailor's art in ready-to-wear form---the result of scientific investigation. It's an up-to-date idea---such as is peculiar to the Zeigler clothing---and which makes Zeigler's the recognized head-quarters for all that is newest and best in male wearing apparel.

Mr. Hard-to-fit---if you are not wearing a **Pickwick** suit or overcoat, step in and let us prove what the "**Pickwicks**" can do. Even if not ready to purchase, we'll be glad enough to give you a pleasant surprise, such as we've given hundreds.
